POPULAR LED LIGHT STRINGS

Create brilliant and dramatic holiday displays with rugged 5MM LED lights.

- Provide extraordinary brightness and reduced energy costs.
- Wide angle, conical concave lensing for 360 degrees of saturated color, casting light in every direction.
- Reduce tangling or bulging, resulting in a clean and polished appearance.
- Create a professional display with a low profile that hugs to the installation surface.
- Pre-balled packaging simplifies installation, reducing labor costs up to 30 percent.

5MM Pre-Balled LED Conical Lights

70 Superbrite wide-angle lights at 4" spacing per strand with traditional pre-molded plugs. UL-approved to connect 43 strands end-to-end, .04 amps and 4.8 watts. Single piece construction, strand length is 23.5 feet.

PREMIUM-GRADE LED BULBS

Benefits of Superbrite and Classic LED bulbs:

- Surface mounted diode (SMD) LED technology creates a brighter, more uniform radiance from base-to-tip, with no hot spots and less wattage.
- Single piece construction made of high-quality polycarbonate that is nearly unbreakable and will not fade, chip or crack.
- Dimmable for better brightness control.
- Infused saturated color throughout the bulb and even color and vibrancy from bulb-to-bulb.
- These bulbs have all the benefits of traditional LED bulbs including reduction in energy usage up to 90 percent, cool to the touch and a long life span.
- C9 Opticore bulbs come in 500 bulbs per case, C7 Opticore bulbs come in 1,000 bulbs per case.
- Opticore SMD bulbs are 2x thicker than SMD polystyrene and acrylic bulbs, creating a superior bulb that is:
 - Single piece construction—no glue joint, eliminating moisture intrusion.
 - Deeper faceted cuts for even brightness base-to-tip.

FIND OUT WHAT MAKES THIS PRODUCT SO UNIQUE.

Superbrite SMD LED C9 Brilliant Faceted Cut Bulbs

Deeper diamond facets generate a beautiful, more even light halo. 60,000 hours average bulb life, 0.84w per bulb.

FlexFilament Premium C9 Bulbs

These FlexFilament bulbs are the first to truly imitate the look & feel of traditional clear glass incandescent lamps— perfect for customers who prefer the beauty and nostalgia of traditional holiday lights.

- Offers the shape and rich warmth of traditional clear incandescence with the benefits of low wattage and low heat LED technology.
- NEW shatter-proof Poly-Flex construction does not break or yellow.
- Unique curved filament design best mimics tungsten filament incandescence.
- 2x brighter than other LED lamps given visible LEDs and increased surface area.
- Dimmable for brightness control.
- 25 bulbs per box, 250 bulbs per case.
- See front cover.

REGION SPECIFIC & SPECIAL ORDER 5MM Spotlite & Soft Twinkle Lights

The following items are regionally stocked in limited quantities only. PRICING IS BASED ON AVAILABILITY AND LANDED COST. Some items may only be available in select regions, may require case quantity purchases and are subject to freight charges. Please contact your local Ewing to determine availability and costs.

Silver & Gold

Spotlite 5MM

The Spotlite 5MM series has dome-lens tips for a miniature "spotlight" effect, projecting beautiful pools of light onto nearby surfaces, creating shadows onto adjacent structures and filling an area with light, which creates more dimension and brightness to any outdoor space.

- 70 lights per strand, 4-inch spacing.
- Convex lensing for spotlight effect.

Soft Twinkle 5MM

Unlike harsh strobing lights, these Soft Twinkle 5MM strands produce a more subtle, peaceful, soft glistening effect to animate landscape and architectural features.

- 70 lights per strand, 4-inch spacing.
- These lights twinkle at random allowing their effect to seem more natural and less robotic.

TIP: Turn a dry creek bed into a shimmering stream by overlaying static blue light strings with blue and pure white Soft Twinkle lights.

HOW TO ORDER

1. **Choose your products.** Select your desired products from this catalog and note the corresponding Ewing part number and desired quantity.
2. **Contact your local Ewing** to confirm availability and pricing. (Some items may only be available in select regions, may require case quantity purchase and may require freight to be added to the landed cost.)
3. **Submit your order.**

RETURN POLICY

Due to the seasonal nature of holiday lighting and decor products, **no returns will be accepted after December 1 of the year product was purchased.** Any product returned for reasons other than manufacture defect will require administrative approval and will be subjected to a 15% restocking fee.

All special orders and non-stock sales are final, all special order items are pre-paid by buyer.

Any product that appears used, not in original packaging or not in original condition will NOT be accepted for return. All freight charges associated with return of products are the responsibility of the returning buyer.

SPECIAL ORDERS

1. **Choose your products.** Note the corresponding Ewing part number (or manufacturer part number) located in the shaded box and desired quantity.
2. **Contact your local Ewing** to confirm availability, pricing and any associated freight.
3. **Submit your order.** All deliveries typically arrive within two weeks. Some special order products may only be purchased in case quantity.

WARRANTY

All holiday decor products are either UL or CSA/US approved and are warranted against defects for one year from the date of purchase. All holiday decor products are manufactured and rated for temporary installation (up to 90 days at a time) and are not intended for permanent or year round, continuous use. The warranty is null and void if product is used or installed in a manner other than specified by the manufacturer guidelines and recommendations. Product that has been cut or altered in any way will not be eligible for warranty. The warranty applies to product only and does not relate to the costs incurred for shipping fees or labor-related fees for installation or removal of products. Please contact Ewing for specific warranty return procedures.

Experience the Ewing Advantage

PROFESSIONAL GRADE PRODUCTS

Ewing sells professional grade lighting of uncompromising quality. Premium grade materials and consistent sourcing allow us to product match and color match year over year. Rather than contract lowest bid each year, Ewing sources from the same reliable factories we've worked with for many years. This commitment to consistency offers peace of mind to professionals building their business or adding to existing projects.

BUY HOLIDAY LIGHTING AS YOU NEED IT

Ewing is committed to eliminating adverse risk to your business, with no minimum order amount and no case quantity requirement you are free to buy as needed. Maximize year end sales while minimizing opportunity costs and carry over. Ewing offers you a risk free Holiday supplier, improved cash flow management and peace of mind during an uncertain business climate whether early order or late season.

LARGE COMMITMENT TO INVENTORY ON HAND

High depth of stock investment coupled with multiple store stock strategy allow us to move inventory in and out of markets quickly in season. Our stock strategy allows Ewing to offer a local source for Holiday lighting both in season as well as throughout the entire calendar year. Availability will vary year to year!

LOCAL CONNECTIONS

Ewing offers credit terms, cash account rebates and unparalleled customer service- providing value on line sellers cannot. We sell what you need when you need it, offer delivery options to the job site and allow returns on Holiday through December 1st. We have the ability to help you find and source special order requests in season, partnering with importers across the country. We are the local supplier of goods and services - building reliable partnerships as we help you grow your business.
